

The "Named" Evidence

The following is the State's "evidence" of which the Argentine Government, engaged in intentional falsification of records and corruption, has utilized in order to illegally level false charges against Mr. Kussman in flagrant violation of his civil and constitutional rights. With this same fabrication of evidence the State issued an improper arrest warrant and executed it at Mr. Kussman's residence on November 28, 2014 subsequently leading to his current state of illegal confinement and apparent indefinite imprisonment "awaiting trial".

The two pieces of evidence presented are:

- 1) an internet article, by a local journalist, that of his own volition, ADDED the name KUSSMAN and even stated HE WAS DECEASED, with no explanation.
- 2) court documents where the initial name of BLUMA was later replaced by KUSSMAN, with no explanation.

Evidence 1)

- **The following is the segment from the article by Diego Martinez, as it appears on the Bahia Gris/"Grey Bay" website <http://bahiagris.blogspot.com/2011/08/se-los-nombres-de-los-torturadores.html>, where he inexplicably adds Mr. Kussman's name, even stating that he is deceased, and gives no evidence nor justification whatsoever for doing so.**

"I know the names of the torturers"

By Diego Martínez

... "The second note does not talk about events, only policemen's names "I know the names of the torturers: Noel, Salinas and Culman or Culmand, something like that..." Catalina wrote. The first one is Officer Pedro Jose Noel, then Head Chief of Radioelectric Command who despite "Intense investigations" failed to clarify the robbery of the corpse. Noel (At the time of this article, 2011) is 64 years old and lives in General Daniel Cerri, a town close to Bahia Blanca city. The second one would be Corporal Jesus Salinas, who lives in Ingeniero White and was in the ambulance restraining the "Usual Suspects". **The name of the third one is spelled Kussman and he is dead. Officer Claudio Alejandro Kussman was part of DIPBA in Bahia Blanca and had been denounced as a torturer by the PRT in October 1974.** Abel Cordoba, the prosecutor, asked for his arrest along with Noel and the ambulance's second occupant, Faustino Loncon."

- **The following is the original excerpt of the "mysterious handwritten note" that the defense was denied access to where the woman in the Martinez article says Culman or Culmand. There is absolutely no mention of a Kussman anywhere in this documentation.**

"Te agrego esto en el correo porque no quise poner más en el hotel. Sé los nombres de los torturadores [redacted], [redacted] y Culman o Culmand algo así, cree que las detenciones de gallegos es por esto y me dice que conveniente que los chicos Gerardo, Elena y [redacted] y [redacted] se vayan por unos días de allí porque ella dijo que iba a la [redacted] y [redacted] le dio la dirección ... En el juzgado hasta el lunes no hay [redacted]"

"I added this to this letter because I didn't want to write more at the hotel. I know the names of the torturers Noel, Salinas y Culman or Culmand, something like that..."

Evidence 2)

- The following is a court document where Pedro Miramonte states BLUMA as part of the responsible party: **BAYON CASE September 14, 2011 (A case against a Navy personnel, BAYON)** There is absolutely no mention of a Kussman anywhere in this documentation.
